The latest evolution in sustainable water dispensing with energy-efficient technology.

e6

e6

Evolved environmental sustainability, energy-efficiency and intelligent technology.

The latest evolution in premium bottleless drinking water combines intelligent eco-friendly technology, energy-efficiency and powerful performance in every pour.

At a glance.

Water options	 Chilled, Sparkling, Ambient, Hot
Configuration	 Countertop, Floorstanding
Colour	Black, Silver
System	**ProCore®** Powerful and compact, energy-efficient modular system. **DryChill®** Rapid and hygienic, efficient chilling technology.
Technology	**EcoMode** Energy-saving technology. **Bluetooth®** Touch-free dispense. **DeepSparkle®** Sparkling water with long-lasting fizz. **Viovandt®** (optional) Chemical-free, eco-friendly integrated UV-LED purification.
Hygiene	**Totality®** Filtration and hygiene assurance with Biomaster®.
Optional accessories	**SensorBeam™ Base Cabinet** Floorstanding base with projection touchless dispense.

Evolved, intelligent technology.

Designed for a greener future, the E6 is an evolved, energy-efficient and sustainable approach to bottleless filtered water. Featuring a powerful four-way dispense, the E6 utilises advanced energy-saving EcoMode technology and optional SensorBeam projection touchless control. The E6 delivers unrivalled powerful performance and hygiene protection, and is compatible with optional, future-thinking SIMSecure data connectivity for enhanced insight and servicing.

Confidently clean water.

Totality® is our 5-step methodology to achieving pure, healthier, premium water. Providing hygiene assurance in every pour, Totality® reduces sediment, odours, chlorine and microplastics, for freshly-filtered water that is safe to drink and tastes clean and crisp.

For complete peace of mind, select integrated Viovandt® enhanced UV-C purification. The ultraviolet LED technology provides eco-friendly, chemical-free sterilisation to reduce bacteria and viruses.

Environmentally advanced design.

The E6 is powered by our exclusive, compact ProCore® system, with discrete ventilation, advanced modularity and a lower carbon footprint. Thanks to its intelligent EcoBoil energy-efficient hot water system, DryChill® airless, rapid cooling technology, eco-refrigerant gas and recyclable components, the E6 delivers the ultimate in sustainability, hygiene and performance.

Bottleless water for every environment.

Designed for working environments, the E6's premium finish and contemporary aesthetics are easy-to-clean and feature a durable Fynil® finish with antimicrobial silver ion protection, providing complete hygiene confidence in communal areas. Easy to install as a countertop or floorstanding unit, the E6 eliminates the need for single-use plastic bottles and coffee cups, allowing you to refill and enjoy locally sourced, premium water.
